Letter from the President, ASCE – India Section

Dear Members of ASCE-India Section,

It is nice to let you know that after months of discussions and arguments, we have been able to finalize the Constitution and ByLaws of ASCE India Section and these have now been approved by the Governing Document Committee (GDC) of ASCE. The approved copies of these documents are attached herewith.

These are our guiding documents and I request each one of you to go through and save the documents for your future reference. You, as a member (of any grade) of ASCE-IS, need to know the privileges you can enjoy and the work you can do as an officer or member of the Section.

We should now go for our election. Though anyone, who did not pay his Section dues, would have been barred from participation in the election process, this requirement will be waived for the first year. So, even if you are yet to pay your Section Dues, you can participate in the election process and play your role as a member of ASCE-IS.

We look forward to your increased participation in the activities and affairs of ASCE-India Section.

Sincerely

Anil K Kar, PhD, F. ASCE
President, ASCE-IS
