Election of International Director Region 10

Dr. A K Kar
President, Interim Executive Committee
ASCE-India Section

Dear ASCE India Section Member,

ASCE Region 10 is shortly going to elect the International Director of Region 10. India is in Region 10 and, therefore, you will be electing the future Director of Region 10 for a period of three years from 2014.

There are two candidates for the position; both eminently qualified:

1. Dr. Himansu Banerjee, International Governor Region 10 from Australia and India
2. Dr. Constantine Memos, International Governor Region 10 from Greece

In due consideration and recognition of the unstinting efforts and help of Dr. Himansu Banerjee in the development of ASCE-India Section over the last two years, the Executive Committee of ASCE-India Section has unanimously endorsed the candidature of Dr. Himansu Banerjee for this position.

However, the individual Indian members are free to vote for the candidate of their choice notwithstanding the endorsement by the Executive Committee of ASCE-India Section.

This will be a closely fought election. The voting for the above election starts on June 15.

Voting is from June 15 through August 14th, 5:00 p.m. central standard time (USA). The voting is conducted electronically. Each eligible member will be emailed a URL and a password. The details of 'How to Vote' will also be provided.
